NIVIAN

Before Using for the First Time

Register the remote control in the alarm system
Switch to Connection Mode on the control panel. Then press any key on the remote control. The control panel beeps once: the remote control is registered. If you hear two beeps, the remote control has already been connected.

Usage

Key	Operation	Function
🔒	**Arm**	Arms the security system
🔓	**Disarm**	Disarms the security system
🏠	**Home Mode** *(in Mute mode)*	Press and hold the Home mode button more than 3 seconds to arm the system in home mode silently
SOS	**Panic**	Triggers the alarm regardless the status of the alarm system. The control panel dials the stored phone numbers.
🏠 + 🔒	**Arm** *(in Mute mode)*	Press and hold the Arm button more than 3 seconds to arm the system silently
🏠 + 🔓	**Disarm** *(in Mute mode)*	Press and hold the Disarm button more than 3 seconds to disarm the system silently

Specifications

Power Supply:
DC 3V (CR2025 button battery x1)

Operation current:
≤7 mA

Transmission distance:
≤ 80 m (in open area)

Radio-frequency:
868MHz (±75KHz)

Housing material:
ABS plastic

Operating conditions:
Temperature:
-10°C ~ +55°C
Relative Humidity:
≤80%
(non-condensing)

Dimensions:
57 x 31 x 11 mm

LED indications

Blinks once
Sends transmitting signal

Low light
Low battery, replace the battery immediately

Standards

This product bears the selective sorting symbol for waste electrical and electronic equipment (WEEE). This means that this product must be handled pursuant to European Directive 2012/19/EU in order to be recycled or dismantled to minimize its impact on the environment. For further information, please contact your local or regional authorities. Electronic products not included in the selective sorting process are potentially dangerous for the environment and human health due to the presence of hazardous substances.

In compliance with European laws. This product is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU .

This product was designed and manufactured in compliance with Directive 2011/65/EU of the European Parliament and of the Council on the restriction of use of certain hazardous substances in electrical and electronic equipment (RoHS Directive - RoHS) and is deemed to comply with the maximum concentration values set by the European Technical Adaptation Committee (TAC).

Manufactured in China.
