

Specification WL4 CC-3

Distance to chimney: 13 centimetres
Wall thickness: 0.5 millimetres
Material: galvanised steel
Brand: WL4
Mast diameter: 50 millimetres

Installation WL4 CC-3

Fixing strap: Place the strap in gap of the screw, then wrap 30 cm of strap around it and clamp down with a nut. The strap thus attached at one end should pull to the other with a screw (make sure at least 30 cm of strap is wrapped around the screw). Only then tighten the nut.
